

# digital basics

Evolve Housing runs regular programs to help residents learn life management skills.

## Digital Basics Workshop

Evolve Housing has developed workshops that vary based on the different levels of knowledge of the participants.

### Did you know?

- Only **51%** of people earning under \$50,000 a year use mobile phones to access the internet, compared with **81%** earning over \$100,000 a year.
- Around **6%** of Australians (around 1.1 million) have never accessed the internet.
- More than **2.5 million** Australians are still not online.

### Workshop outline

- **Training** modules are selected to suit the needs of the participants
- Sessions are under **2 hours** each and are run over consecutive weeks
- **FREE** for Evolve residents
- Held in **various locations**, close to public transport.

### What you'll learn

- **The basics** of using your Smartphone, tablet or computer
- How to **navigate** webpages and applications
- The basics of **life online** – banking, Centrelink, and emails
- An introduction to **social media** platforms
- How to **stay safe** when using a credit card, passwords and learn about scams.
